VITRO proposed South Luzon campus

≥100 MW · Unspecified power

Reported design/development capacity; delivered share unconfirmed

Development status: planned

Site-selection concept; final location is undisclosed and must not be placed in Manila or conflated with Santa Rosa.

Last researched: 2026-09-11 | Last verified: Not independently verified

Tracked dataset only. Unknown values are not zero. Evidence dates and measurement definitions must be considered when comparing sites.

Site photographs

No approved property photo available.

Site profile

Field	Published information
Operator	VITRO / ePLDT [1]
Owner	Unknown
Business model	unknown
Scale	unknown
Country	Philippines [1]
State / region	Unknown
Metro area	South Luzon (site selection) [1]
City / locality	Unknown
Address	Unknown
Coordinates	Unknown · unknown precision. Exact property coordinates not established; no city centroid substituted.
Parent	Not assigned

Capacity evidence

Do not add these claims together. IT load, facility power, grid connection and unspecified power are different measurements. Cumulative and incremental scopes remain separate.

Measurement	Development scope	Evidence / accounting
≥100 MW Unspecified power	Reported design/development capacity; delivered share unconfirmed planned · cumulative	[1] reported · 2026-09-11 Excluded from totals. Research retrieval date, not measurement/commissioning date. Excluded from sums pending capacity and hierarchy reconciliation. Site-selection concept; final location is undisclosed and must not be placed in Manila or conflated with Santa Rosa.

Development timeline

No dated milestones established.

Disclosed specifications

No additional specifications established.

Research gaps

- Independent block-level coordinate verification
- Commissioned and occupied IT load by phase
- Legal owner and ownership history
- Latest property photo and reuse rights
- Reconciled capacity accounting and latest actual milestone dates
