CDC Hume Campus One

21 MW · Unspecified power

Hume Campus One, covering HU1-HU3

Also known as: Hume Campus One · Hume One · CDC Hume Campus 1

Development status: operational

Operational CDC campus in Hume within the Canberra region, comprising HU1, HU2 and HU3. CDC reports 21 MW of current operating capacity without specifying IT, facility or grid basis. This campus is separate from Hume Campus Two and its HU4-HU6 buildings.

Last researched: 2026-10-09 | Last verified: Not independently verified

Tracked dataset only. Unknown values are not zero. Evidence dates and measurement definitions must be considered when comparing sites.

Site profile

Field	Published information
Operator	CDC Data Centres [1] [3]
Owner	Unknown
Business model	colocation [2]
Scale	unknown
Country	Australia [2] [3]
State / region	Australian Capital Territory [2] [5]
Metro area	Canberra [1] [6]
City / locality	Hume [2] [3]
Address	54 Sheppard Street, Hume ACT 2620, Australia [2] [5]
Coordinates	Unknown · unknown precision. Street address corroborated by campus directory and government correspondence; no reliable campus point established.
Parent	Not assigned

Capacity evidence

Do not add these claims together. IT load, facility power, grid connection and unspecified power are different measurements. Cumulative and incremental scopes remain separate.

Measurement	Development scope	Evidence / accounting
21 MW Unspecified power	Hume Campus One, covering HU1-HU3 operational · cumulative	[1] reported · 2026-10-09 Excluded from totals. Undated operator page describes current operating capacity; as_of is retrieval date, not a dated measurement. IT, facility and grid basis are unstated. Do not add overlapping building figures or Canberra regional totals.

Development timeline

2007 · actual_construction_start · First Hume data centre construction begins

Operator history records construction of CDC's first data centre at its Hume campus in ACT. [4]

2008 · actual_opening · HU1 opens

Operator campus page dates the opening of CDC's first data centre to 2008. [1]

2011 · actual_operational · HU2 goes live

Operator history records HU2 entering service. [4]

2015 · actual_construction_start · HU3 construction starts

Operator history records the start of HU3 construction. [4]

2016 · actual_construction_completion · HU3 construction completes

Construction completion according to operator history; this does not establish an opening date. [4]

2025-02-18 · announcement · CDC shareholder transaction announced

CDC announced Future Fund and Infratil would acquire shares offered by CSC. Announcement described resulting holdings of Future Fund 34.55%, Infratil 49.75%, CSC 12.04% and management 3.66%; completion and current percentages were not independently established. [7]

Disclosed specifications

Campus composition: Three data centres: HU1, HU2 and HU3

Campus-level record; component buildings should not be counted as additional non-overlapping campus capacity. [6]

Cooling: Closed-loop liquid cooling

Operator states this system has been implemented in every facility built since inception; no campus-specific performance measurements established. [4]

Security: 24/7 on-site security

Operator describes this at Canberra regional level; specific campus certification identifiers were not established. [1]

Research gaps

- Reliable campus coordinates and property boundary
- Site-specific legal owner or leaseholder
- IT versus facility versus grid basis of 21 MW
- Ultimate campus capacity and current available capacity
- Land and building areas, rack counts and density
- Site-specific energy procurement, PUE and certification details
- Confirmed campus-specific tenants
- Google Maps place identity, property photos and Street View
- Reusable property image and photo capture date
