YTL Johor Data Center Park

Unknown MW • Total facility power not established

See capacity evidence for reported claims.

Development status: operational, planned

YTL Green Data Center Park in Kulai. YTL now proposes expansion from 600 MW to 1,000 MW and reports 298 MW contracted; contracted, operating and ultimate capacity are distinct. This is separate from YTL Sedenak West.

Last researched: 2026-09-11 | Last verified: Not independently verified

Tracked dataset only. Unknown values are not zero. Evidence dates and measurement definitions must be considered when comparing sites.

Site profile

Field	Published information
Operator	YTL Data Center Holdings [1] [2]
Owner	Unknown
Business model	unknown
Scale	unknown
Country	Malaysia [1]
State / region	Johor [1]
Metro area	Johor Bahru [1]
City / locality	Unknown
Address	Unknown
Coordinates	1.6205686, 103.5215847 · approximate precision. Named Google Maps site POI matched to facility identity and locality; approximate property location, not independently verified building boundary or entrance.
Parent	Not assigned

Capacity evidence

Do not add these claims together. IT load, facility power, grid connection and unspecified power are different measurements. Cumulative and incremental scopes remain separate.

Measurement	Development scope	Evidence / accounting
600 MW Unspecified power	Advertised full-build/design capacity; commissioned share unconfirmed planned · unclear	[1] reported · 2026-09-11 Excluded from totals. Retrieval date, not measurement date. Design ceiling is not proof of delivered/occupied load. Excluded from aggregates pending reconciliation. Up to 600 MW campus development; directory reports 72 MW first building operational. Remaining scope and allocation unresolved; location explicitly not public. Historical/current design claims retained without selecting an additive total.
72 MW Unspecified power	First data center within the park; included in full-build ceiling operational · unclear	[1] reported · 2026-09-11 Excluded from totals. Retrieval date, not measurement date. Design ceiling is not proof of delivered/occupied load. Excluded from aggregates pending reconciliation. Historical/current design claims retained without selecting an additive total.

Measurement	Development scope	Evidence / accounting
1000 MW Unspecified power	Kulai Green Data Center Park expansion ambition, not the separate Sedenak West project planned · unclear	[2] reported · 2026-09-11 Excluded from totals. Source-reported design/announced capacity, not measured consumption. Excluded from aggregation pending reconciliation. Historical/current design claims retained without selecting an additive total.

Development timeline

No dated milestones established.

Disclosed specifications

Research clarification · 2026-09-11: Latest group disclosure distinguishes a 1,000 MW Kulai expansion plan from 298 MW contracted. Contracted capacity is not automatically operational.

Source-backed research proposal; publication requires review. [2]

Research gaps

- Independently verified block-level coordinates
- Latest property photo and reuse rights
- Legal owner and ownership history
- Commissioned MW versus design capacity
- Facility/phase capacity accounting reconciliation
