Capacity evidence

Do not add these claims together. IT load, facility power, grid connection and unspecified power are different measurements. Cumulative and incremental scopes remain separate.

Measurement	Development scope	Evidence / accounting
182 MW Grid connection	Requested utility provision as a land-agreement condition planned · cumulative	[1] reported · 2026-09-11 Excluded from totals. Research retrieval date, not measurement/commissioning date. Excluded from sums pending capacity and hierarchy reconciliation. Requested grid supply is not confirmed IT load or an operating campus. Utility approval status remains unknown.

No dated milestones established.

Disclosed specifications

No additional specifications established.

Research gaps

- Independent block-level coordinate verification
- Commissioned and occupied IT load by phase
- Legal owner and ownership history
- Latest property photo and reuse rights
- Reconciled capacity accounting and latest actual milestone dates
