CDC Fyshwick Campus

45 MW • Unspecified power

Fyshwick Campus, FY1 and FY2 combined

Also known as: Fyshwick Campus

Development status: operational

Operational Canberra campus comprising FY1 and FY2. CDC reports 45 MW current operating capacity without identifying IT, facility or grid basis. The directory campus address is 11 Tom Price Street; FY1 is separately listed at 2 Leonora Street. Retained as one campus candidate.

Last researched: 2026-10-09 | Last verified: Not independently verified

Tracked dataset only. Unknown values are not zero. Evidence dates and measurement definitions must be considered when comparing sites.

Publication and capture dates were not independently established. Research-selected property image; reviewer must confirm site identity, suitability and rights before publication.

Site profile

Field	Published information
Operator	CDC Data Centres [1] [3]
Owner	CDC Data Centres [2] [8]
Business model	colocation [3] [9]
Scale	unknown
Country	Australia [3] [4] [5]
State / region	Australian Capital Territory [3] [4] [5]
Metro area	Canberra [1]
City / locality	Canberra [1] [8]
Address	11 Tom Price Street, Fyshwick ACT 2609, Australia [3] [5]
Coordinates	-35.338398, 149.183718 · approximate precision. Shared FY1/FY2 coordinate published by PeeringDB; used only as an approximate campus reference. Property boundaries and the coordinate's placement have not been independently corroborated.
Parent	Not assigned

Capacity evidence

Do not add these claims together. IT load, facility power, grid connection and unspecified power are different measurements. Cumulative and incremental scopes remain separate.

Measurement	Development scope	Evidence / accounting
45 MW Unspecified power	Fyshwick Campus, FY1 and FY2 combined operational · cumulative	[1] reported · 2026-10-09 Excluded from totals. Undated operator page observed on retrieval date; labelled current operating capacity. IT versus facility/grid power is unstated. Numerically exceeds 5 MW but does not establish more than 5 MW IT load.
20 MW Unspecified power	Fyshwick 2 development planned · incremental	[7] reported · 2017-08-15 Excluded from totals. Historical investment-approval figure as of announcement date; overlaps the later campus total and is not additional current capacity.
13.5 MW Unspecified power	Original Fyshwick facility, subsequently identified as FY1 operational · unclear	[9] reported · 2015-07-21 Excluded from totals. Historical article says up to 13.5 MW, a ceiling rather than confirmed delivered load. Not comparable to the current 45 MW campus figure without reconciliation.

Development timeline

2012 · actual acquisition · Fyshwick site acquired

Operator timeline records site acquisition. [2]

2013 · actual construction start · FY1 construction commenced

Operator timeline records FY1 construction starting. [2]

2015 · actual operational milestone · FY1 became operational

CDC investor presentation dates FY1 operation to 2015; contemporary DCD reporting specifies opening in May. [8]

2017-08-15 · announcement · FY2 investment approved

20 MW development approved; September 2017 construction was expected subject to final approvals. [7]

2017 · actual construction start · FY2 construction commenced

Operator timeline records FY2 construction starting. [2]

2018 · actual operational milestone · FY2 went live

Operator timeline records FY2 entering service. [2]

Disclosed specifications

Campus composition: FY1 and FY2

Campus-level proposal; no separate building proposals created. [1]

FY1 street address: 2 Leonora Street, Fyshwick ACT 2609

PeeringDB building record differs from the campus/FY2 address; boundaries require reconciliation. [4]

Hosting certification: F1 and F2 listed as Certified Strategic Facilities

Government register uses F1/F2 identifiers; original certification dates are not displayed. [6]

Cooling: Closed-loop liquid cooling

Operator-wide statement covering every facility built; site-specific engineering details unavailable. [2]

Historical FY1 raised floor area: 5,000 square metres

DCD report dated 2015-07-21; not total campus area or current confirmed area. [9]

Historical FY1 rack power density: 7.5-40 kW per rack

Reported configurable range in 2015; current provision and occupied racks unknown. [9]

Public network presence: FY1: Microsoft, CDC Networks, 5G Networks; FY2: CDC Networks, 5G Networks

PeeringDB listings do not establish current tenant contracts, capacity or a complete carrier inventory. [4]

Public sales contact: +61 1300 232 232

Operator-wide public sales number displayed on FY2 record; not contacted. [5]

Research gaps

- Power basis and current building-level capacity reconciliation
- Campus cadastral boundaries and independently corroborated point
- Current legal property-owning entity
- Current rack count, campus floor area, PUE and grid connection capacity
- Photo capture dates and image reuse permission

Sources and field evidence

Attribution does not establish independent verification or permission to reuse images. URLs refer to public evidence.

[1] Canberra | CDC Data Centres

<https://cdc.com.au/locations/canberra/>

Published: Unknown · Retrieved: 2026-10-09

Identifies Fyshwick as an operational Canberra campus containing FY1 and FY2; reports 45 MW current operating capacity.

[2] About CDC Data Centres

<https://www.cdc.com.au/about-us/>

Published: Unknown · Retrieved: 2026-10-09

CDC describes itself as developer, owner and operator. Timeline records Fyshwick acquisition in 2012, FY1 construction in 2013, FY2 construction in 2017 and FY2 going live in 2018. Says closed-loop cooling is implemented in every facility built.
