DAMAC proposed Laguna campus

250 MW · Unspecified power

Reported design/development capacity; delivered share unconfirmed

Development status: planned

New attributable evidence found for CSV's unsourced row. Laguna is under consideration; no exact site, permit, power contract or completed facility established.

Last researched: 2026-09-11 | Last verified: Not independently verified

Tracked dataset only. Unknown values are not zero. Evidence dates and measurement definitions must be considered when comparing sites.

Site photographs

No approved property photo available.

Site profile

Field	Published information
Operator	DAMAC Digital [1]
Owner	Unknown
Business model	unknown
Scale	unknown
Country	Philippines [1]
State / region	Laguna [1]
Metro area	Greater Manila [1]
City / locality	Unknown
Address	Unknown
Coordinates	Unknown · unknown precision. Exact property coordinates not established; no city centroid substituted.
Parent	Not assigned

Capacity evidence

Do not add these claims together. IT load, facility power, grid connection and unspecified power are different measurements. Cumulative and incremental scopes remain separate.

Measurement	Development scope	Evidence / accounting
250 MW Unspecified power	Reported design/development capacity; delivered share unconfirmed planned · cumulative	[1] reported · 2026-09-11 Excluded from totals. Research retrieval date, not measurement/commissioning date. Excluded from sums pending capacity and hierarchy reconciliation. New attributable evidence found for CSV's unsourced row. Laguna is under consideration; no exact site, permit, power contract or completed facility established.

Development timeline

No dated milestones established.

Disclosed specifications

No additional specifications established.

Research gaps

- Independent block-level coordinate verification
- Commissioned and occupied IT load by phase
- Legal owner and ownership history
- Latest property photo and reuse rights
- Reconciled capacity accounting and latest actual milestone dates
