Development timeline

Disclosed specifications

Research clarification · 2026-09-11: Capacity remains unknown in MW: the primary announcement gives cabinet capacity without a defensible site-power value.

Source-backed research proposal; publication requires review. [2]

Research gaps

- Independent block-level coordinate verification
- Commissioned and occupied IT load by phase

- Legal owner and ownership history
- Latest property photo and reuse rights
- Reconciled capacity accounting and latest actual milestone dates
- Whether this individually identified site exceeds 5 MW; capacity intentionally left unknown
